The Best Cordless Impact Wrench (Review & Buying Guide) in 2019. An impact wrench can be an extremely useful tool in the armoury of any at home mechanic. After all, we've all encountered that rusty bolt that simply refuses to shift, or that upgrade project that needs us to remove and replace about 15,000 bolts.

The new Tusk Impact wheelset is the least expensive high-performance wheelset that MXA has ever successfully tested—which means that the other low-cost wheels couldn't cut the mustard.

I have a 2013 crf450 and I bought the tusk impact complete wheel set about 6 weeks ago. In that time, Ive put quite a few rides on them. I ride motocross and Im a B rider weighing 200+ lbs so I definitely put these wheels through their paces. Ive checked the spokes after almost every moto and Ive...

Just lost my rear wheel last weekend due to a disintegrated rear wheel bearing. Destroyed the hub. Trying the rear Tusk Impact wheel as a replacement for the same reasons cited by others. I've not had a Tusk product let me down yet. The wheels will be a sizable step up for Tusk, if they stand up. Arriving tomorrow.

Cordless impact wrenches are used to put in and take out lug nuts, screws, bolts, and other miscellaneous parts on cars, bikes boats, aircraft and other automotive. As a pulse type machine, they are commonly used by automotive workers for changing things like wheels and tires and assembly line production teams.

Tested: Tusk Impact Wheelset. Rating: Vital Review. A fresh set of wheels can really set a bike off, but the price can also empty your wallet quite quickly. For some, the extra money is worth it for a

set that's lightweight and stronger, but for the weekend warrior that just needs a spare set it's a bit much to ask.

The main feature many people will ask is what is the power of the impact wrench. All impact wrenches have a max torque with various torque settings but it is not necessarily a number you should focus too much on. Over torquing nuts and bolts can become problematic i.e. wheel lugs that are impossible to take off on the roadside.
