Basic Sciences for Obstetrics and Gynaecol-
ogy has become the standard revision aid
for students preparing for examinations in
obstetrics and gynaecology, particularly
those candidates for the MRCOG Part I.
The authors present a wealth of informa-
tion in a concise, didactic format, focussing
on those facts that are generally consid-
ered non-contentious.

This textbook takes a new, dynamic approach to the basic sciences in obstetrics and gynaecology. It teaches candidates all they need to know for the MRCOG Part 1 examination by extending the understanding of the basic medical sciences and their relevance to obstetrics and gynaecology. Like conventional textbooks it teaches what is 'true', but it also what is 'false', and why.
