Fundamentals of English grammar is a mid-level ESL/EFL developmental skills text for adult language learners.

Designed to address the needs for a college course in traditional English grammar from the conservative Christian worldview. This textbook spends a great deal of time also discussing the construction of good paragraphs. Then it moves on the essays, looking especially at the expository essay, the persuasive essay, and the examination essay-answer (the three types of essays written most often in college classrooms). Finally, there is a thorough instruction on the research paper, using the traditional Turabian format.

English enjoys the status of the World Language. No other language has ever scaled this height. It is the language that encompasses everything in the world. It is used and cherished by millions whose mother tongue is not English. Spoken English, as a natural corollary to that, has become an important tool in our hands today. Without mastery over it, the gateway to success will remain a distant dream in today's globalised market. Command on any language depends primarily on command on its grammar. Grammar is a repository of rules, governing how words are put together into sentences. These rules govern most constructions in a given language. Grammar is the science of correct use of language. It is concerned only with correct speaking and writing. Fundamentals of Grammar need to be fully comprehended to to acquire skills of quality English. Aim of this book is a practical one: an aid to good English, to take you places on the wings of English. The book is designed to meet the requirements of students completing their schooling and entering colleges or job market, or preparing for various competitions.
