 Emergency Response Guide

From tactical medicine to bystander intervention, North American Rescue's trusted, reliable prehospital equipment delivers the critical tools necessary to increase survivability by empowering responders to take immediate action in life threatening emergencies.

This Emergency Response Guide outlines the University's response to an emergency at NAU. As all emergencies will vary in scope and complexity, this information is provided as a guide to help you stay safe and reduce your personal risk in the event of an emergency.

~~2020 ERG - The 2020 Emergency Response Guidebook from ...~~

PHMSA's 2020 Emergency Response Guidebook provides first responders with a go-to manual to help deal with hazmat transportation accidents during the critical first 30 minutes. DOT's goal is to place an ERG in every public emergency service vehicle nationwide. To

date, more than 16 million free copies have been distributed to the emergency response community through state emergency management coordinators.

English Emergency Response Guide helps satisfy 49 CFR 172.602 — DOT requirement that hazardous materials shipments be accompanied by emergency response info; ERG book aids in emergency preparedness, planning, and training; Numerically indexed and color-coded to help emergency responders find vital information fast; Guidebook available in standard size (5-1/2" x 7-1/2") or pocket size (4" x 5-1/2") Formerly known as the North American Emergency Response Guidebook

Emergency Response Guidebook (ERG, 2016) What is this information? There are no initial isolation and protective action

distances listed in the ERG. The ERG doesn't predict that large amounts of toxic-by-inhalation gases will be produced if this material is spilled in water.

The preparation of this book is a joint effort between the transportation agencies of the United States, Canada, Mexico, and Argentina. The Emergency Response Guidebook is used by emergency services personnel to provide guidance for initial response to hazardous material and dangerous goods incidents.

The Emergency Response Guidebook: A Guidebook for First Responders During the Initial Phase of a Dangerous Goods/Hazardous Materials Transportation Incident is used by emergency response personnel in Canada, Mexico, and the United States when responding to a transportation emergency involving hazardous materials. First responders in Argentina, Brazil, and Colombia have recently begun using the ERG as well. It is produced by the United States Department of Transportation, Transport Canada, and th
