Contrary to popular marketing and networking wisdom, regurgitating a memorized “elevator speech” all over a poor unsuspecting soul who happens to ask the dreaded “what do you do?” question, does not work to establish a true connection with another human being. Kill the Elevator Speech is about why those standard, memorized verbal vomits are so horribly wrong and what to do and say instead that will actually bring people together, help others understand who you are, and create the beginnings of a referral and professional relationship to go beyond the initial handshake and obligatory card swap. The reader will learn how to walk

into any room, confidently knowing how to handle, answer and completely address the question “what do you do?” with ease and grace, while also making the person they are speaking to feel comfortable and connected.

It doesn't matter what business you're in, lead generation is important - how else will you grow your business and get new wonderful people to serve? As a small business owner, it's clear you need a system to follow that helps you generate new customers and team members so you can grow your business. After all, lead generation systems help pique consumer interest in your products and services. However, so many people, especially network marketers, don't have a system to generate new leads. And they

wonder why their business isn't growing. When relationships are your business - and they are, regardless of the type of business you're in - the standard go-for-no approach just won't cut it. If you're reading this book, you've probably experienced this firsthand and may be feeling frustrated that 1) you feel as if your business isn't getting anywhere, 2) your family, friends, and acquaintances are making an effort to see you less and less in fear that you're going to try to sell them something, and 3) you have to start back at square one whenever you want to make a sale. It's so frustrating! It's also no way to build a strong, lasting business. That's where relationship marketing comes in. Relationship marketing is a proven lead generation system intended to grow your business by leveraging your relationships. That's right; instead of damaging relationships and burning bridges, relationship marketing encourages you to nurture and grow your relationships. In other words, you don't ever have to be an "icky salesperson"! If you seek to build a business that allows you to work from your heart, that doesn't compromise your personal core principles, and that encourages you to help and serve more people, relationship marketing may be for you. Over the last few years, I've built Teamzy, a CRM system intended to turn traditional network marketing on its head. How? It's based on relationships, specifically growing and developing relationships with your favorite people so you can serve and help them meet their needs, which is oh so often contrary to the sales status quo. The more you connect with them, the more likely they are to recommend your business to their family and friends who could use a bit of your help. The results speak for themselves. People who are turned off by traditional selling methods love our relationship-oriented system that en-

courages them to make people's days instead of always trying to sell to them. They're watching their businesses grow exponentially, beyond what they could've imagined when they started in the business. That's right; by maintaining consistent contact with their customers, seeking to meet their needs and following up, they're building solid businesses that last, all in less than an hour a day. The best part is, it doesn't feel like work. After all, you're doing what you do best - connecting with your customers - and along the way, you'll build trust and long-term business advocates. What's better than that? Nothing. I'm excited to share this strategy with more people. In this book, you'll learn:

- \* Why Relationship Marketing provides more joy for you AND better results for your business\*
- \* How to discover your WHY and use it to build meaning into your day\*
- \* How to create goals you can't wait to achieve\*
- \* Why your business is more than a job and should be treated as such\*
- \* How to slay your business in less than an hour a day\*
- \* How to have great conversations with your network and transition it into talking about your business\*
- \* Why following up is an act of love (and one that is critical to growing your business)\*
- \* Where to find new customers\*
- \* How to meet new people and add them to your network\*
- \* The best way to overcome objections, straight from the heart\*
- \* How to use and leverage social media to build trust\*
- \* How to boost your chances for success\*
- \* How to master the entire system and become a PRO

abotage, you release an inner power that will excite and delight you. There is harmony within. You feel a divine guidance over your life. You have a profound sense of clarity and just know what to do to achieve your goals. My intention with this message is to teach you a simple, yet profound process to break through self-sabotage. Through the disciplines of psychology, neurology, and theology, you'll learn how to: Re-create your Self-View and discover new levels of confidence and contribution Transform your circumstances into the driving force that fuels you Break through fear of failure and success to become a blessing to others Create clarity to stop procrastination and make you unstoppable Release control and tap into unrealized and unlimited potential Manage your emotions and learn how to discipline your thoughts. Experiencing the life you really want is that simple. But make no mistake; it isn't easy. You'll work harder on yourself than you ever have. You've got to be willing to do the inner work to BECOME what you want before you can experience it. Through this process, you will become a Dragon Slayer.

Between six and seven million people discover network marketing every year. With the promise of a huge monthly income, they trade their hopes and dreams for a chance to sell friends and family their new hopes and dreams. Most network marketers will not be proud of the results. They'll arrive where they started with less money and even less self-respect. Network Marketing: How To Play By Your Own Rules and Win offers an alternative to the traditional plan: an alternative that encourages you to follow your own path to success. Together, we'll start with your first day of network marketing and journey through to your prospecting campaigns. We'll discuss what really works for you and why, and we'll

identify warning signs you should watch for. We'll even confront topics that "experts" are afraid to address. By gaining the benefits of proven advice, you'll learn exactly how to achieve your goals. Network marketing can provide you with the happiness, security, and comfort you desire, but only if you succeed. Network Marketing: How To Play By Your Own Rules and Win is the key to discovering the secrets and solutions you need to finally win the game of network marketing.

The network marketing business runs in the similar way. But its special feature is that here no one is owner or servant. Any firm launches its product and gives directly to consumer. Every person keeps on joining some persons with him and a chain in the net form get established. The person who has large number of people along with him earns high profit.

Jose Valentin I believe Al Sims has created the Perfect Multilevel Marketing Recruiting System! Multilevel Marketing is hard for most people and unfortunately 95% fail in Multilevel Marketing. What I was taught was to buy and call cold Multilevel Marketing leads, and make a list of everyone I know and call them. After many months or more of cold calling leads for 3 hours a day I was burned out with very little success. This tactic doesn't work for me. I knew there had to be a better way than the old method that was causing so many people to fail. Cold calling generic business opportunity leads and hearing a lot of No's is what causes most Network Marketers to fail. I was looking for answers. Life has strange twists and turns. Out of the blue I get an email from Al Sims himself with a simple link to his website. I knew the moment I read what he had on his website and started to receive his 10 day boot camp series that this is what had been missing all along. My business is now back on

the launch pad and ready to blast off. People are now contacting me rather than me chasing them. It's put the trust and fun back into Multilevel Marketing. Now what? Okay. I have chosen the right company. Will it really work for me? The truth would sound more like how can I make the company WORK in my favor? Remember the staggering truth that 95% of people fail in MLM? I strongly believe that among the

95%, there are sincere, hardworking people who work hard to make the business work for them, but are spending most of their time and money DOING ALL THE WRONG THINGS! Yet strangely many people miss out the fact that it is EASIER NOT TO do the WRONG THINGS than learning to do the RIGHT THING. Sounds simple? Ironically, common sense is not common. Avoiding the wrong things saves you the valuable TIME (some people in MLM do the wrong things for YEARS) so you can learn how to do the RIGHT things with the time you saved. Remember that in MLM, just like in real life that we must learn from the mistakes of others. We don't all the time in the world to make all the mistakes ourselves! Start finding out today. This system demands hard work and devotion. I personally believe that it.

So your wife signed up with a network-marketing company, and now you're tripping over a pile of skepticism, frustration, and a million questions. Oh no. She can't be serious. These things are scams! Thousands of men across the country are in the same boat. They hear their wives talk about a new "opportunity" and immediately launch into all the reasons why network marketing doesn't work, how nobody makes real money, and how most people quit the business within a year. Instead of encouraging their wives' excitement and enthusiasm, many husbands pour a bucket of cold water on their dreams. In *She's Selling What?! Tim Farrant* opens up about his wife's start and epic rise in network marketing and his own journey from shock and skepticism to understanding and support as he set aside his ego and figured out how to support his wife as she built a business that changed their family forever. As you follow along, you will: Discover how to overcome your initial skepticism and take a good, honest look at your wife's network-marketing business. Identify your family's big win that will make all her hard work worthwhile. Understand how her compensation plan works, how to maximize it to make the most money possible. See where you fit into her business and how you can make an exponential impact on her success. Find answers to the most common questions husbands have about network marketing. Learn when you should speak up—and when you should shut up. Embrace your role as her number-one fan. Realize that her business can be the best thing that ever happened to your family. We owe it to our wives to set aside our initial skepticism and preconceived notions about network marketing and dig deep into the issue that matters most: how we can become the suppor-
