Sticker Art AKA Stickerbombing I'll admit stickerbombing is a bit marmite and I can see why, done well it looks awesome but done poorly it does look a bit rubbish. Personally I much prefer it on the interior than the exterior of a vehicle, on the outside the weather etc plays its toll and within a short time it can look dull and scruffy.

What is stickerbombing? Well stickerbombing is slapping a ton of stickers to cover a grungy old surface. While it seems quite straight forward it is important to carefully plan out your sticky attack. This technique can be used on car parts, laptop covers, binders, any flat or slightly curved surface you can stick some stickers on to.
