On this page, you'll find detailed specifications for the complete lineup of used MTU generators available from Woodstock Power. Browse the available PDFs for information, or contact a representative directly for more information about any of our products.

MTU recently re-powered a Mangusta 80 motoryacht, replacing an old school 10V 2000s with state of the art 10V 2000 Common Rail. The new twins were more powerful (1500 hp each versus 1350 hp), albeit of smaller displacement (27.0 L versus 22.0 L). Updated with common rail technology maximum speed rocketed from 30 to 39 knots.
