Econometric Analysis, 8th Edition. The standard source in Economics, Sociology, Political Science, Medical Research, Transport Research, and Environmental Economics, to name just a few, the eighth edition of Econometric Analysis provides a comprehensive survey of econometrics, with significant pedagogical content that will continue to serve as a modern, up-to-date text and reference for future ...

Greene, Econometric Analysis (6th ed, 2008) Chapters 2{3: Classical Linear Regression The classical linear regression model is the single most useful tool in econometrics. Although it is often only a point of departure to more specialized methodologies, almost all empirical research will focus on the regression model as an underlying construct. The model studies the relationship between a ...
